Avenge HD Fabric Prespray

Heavy Duty Fabric Prespray

Avenge Heavy-Duty Fabric Prespray

Avenge Heavy Duty Fabric Prespray is an alkaline pH blend of surfactants, solvent and builders formulated to emulsify the toughest soils and oils found in synthetic upholstery fabrics. It is safe for use on a wide variety of synthetic fabrics. This excellent fabric prespray is patterned after the legendary Bridgepoint Systems Avenge Stain Remover. Avenge Heavy Duty Fabric Prespray has odorless ammonia for all the power but none of the smell. It is quick acting with amazing stain removal technology. Dual surfactant and solvent system combine for unequalled cleaning results.

Part Number:
CU21GL

RTU pH
10.0

Dilution Ratio:
1:1

Contents:
One U.S. Gallon (3.79 Litres)

Available in:
Gallons and 4 x 1 gallon cases

DIRECTIONS

Test Avenge Heavy Duty Fabric Prespray in an inconspicuous area for dye and fabric stability.

Medium to heavy soil: Dilute one part Avenge Heavy Duty Fabric Prespray with one part hot water.

Extra heavy soil: Use as is. Do not dilute.

Application: Apply evenly to soiled areas. Agitate with a horsehair brush. Allow to dwell for 5 to 10 minutes but do not allow to dry before extraction. Extract using Avenge Clean Rinse or Bridgepoint Systems Fab Set.
